Forecast For East of England
Issued by Met Office Exeter
at 1600 on Monday 27 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Becoming breezy and cloudy Tuesday, showers then later rain arriving.

This Evening and Tonight:
Mainly dry with long clear spells, but just the small chance of an odd shower this evening. Breezy at first, then later the wind eases, leading to a rather chilly night for many locations. Minimum temperature 7 deg C (45 deg F).

Tuesday:
Sunny start for most places but then becoming cloudy and breezy with scattered showers, these especially for the afternoon and possibly heavy. Late afternoon heavy rain reaches western areas. Maximum temperature 18 deg C (64 deg F).

Outlook for Wednesday to Friday:
Becoming dry Wednesday once showers eventually clear east. Showers or longer spells of rain for Thursday and Friday, these sometimes heavy. Temperatures near or slightly below average. Windy, especially Friday.
